

PSD RECREATES LARO NG LAHI

Through the years, the Primary Department spends time to engage the students with the games of Filipino origin despite they are not in their homeland. Unique from the rest of the famous games from other parts of the world, the Filipino homegrown games are products of creativity and resourcefulness. They do not need sophisticated materials and are not governed with complex rules. They are simple and practical but they can test every player's agility, speed, and teamwork.

From October 11-12, 2017, the PSD Campus was filled with joyful yells and cheers as the primary students run and play. For the first time in 25 years, the children played with comfort and fun because they already have more than enough space to move around. Making true this years' theme, ***"Larong Pinoy Sa PSD Ika-25 Pag-ibayuhin; Malusog Na Katawan Kamtin!"***; Dr. Alexander S. Acosta, the school principal, encouraged the students to participate actively in all games so they can achieve the main purpose of the event which is to maintain a strong and healthy body through games and sports. Mrs. Nenita G. Cabral, the vice principal of the department reminded the pupils to observe safety while playing and she also acknowledged the parents' all out support for the two-day event. This year's Laro ng Lahi was made memorable with the much coveted prizes and awards. There were 26 sashes, 4 trophies, and 4 medals given to the winners of the different competitions. Below is the list of winners in all categories.
